

The purpose of the grant: The Commissioner may make Crime and Disorder grants to any person or organisation. These are grants which, in the opinion of the Commissioner, will secure, or contribute to securing, crime and disorder reduction in Sussex.

The Safer in Sussex Community Fund (SISCF) and money recovered from the Proceeds of Crime Act (POCA) Fund both provide financial support to local projects that tackle crime and improve community safety.

Conditions attached the grant: Each application was assessed against the Fund criteria and the ability of the project to actively and directly address the priorities in the Commissioner's Police & Crime Plan. The Terms and Conditions of the grant are set out on the funding application form.

The reasons why the Commissioner considered that the grant would secure, or contribute to securing, crime and disorder reduction in Sussex, where appropriate: The Commissioner supported local projects that demonstrated how they would contribute to her priorities in the Police & Crime Plan and will monitor their outcome.

Total SISCF allocated in first five tranches (up to 30 March 2015): £422,640.72

Total POCA allocated in first five tranches (up to 30 March 2015): £127,003.03

New funding streams from 1 May 2015

Since 1 May 2015, changes have been made to the Commissioner's funding streams.

There are now three strands to the 'competed' fund:

- Community Safety Fund (CSF)– initiatives that deliver a positive and lasting impact of local communities
 - Victims' Services Fund (VSF) – initiatives that help individuals to cope and recover from the impact of crime
 - Enhanced Victims' Services Fund (EVSF) – provides funding to well-established programmes across the county, which support victims of crime.
- These programmes of work are mature in delivery model, with considerable evidence of need and positive impact and attract an increased level of scrutiny from the OSPCC whilst providing stability to crucial VCSE services.

Total CSF allocated in the first tranche (1 May to 5 June 2015): £65,438.20

Total CSF allocated in the second tranche (1 September to 2 October 2015): £72,611.13
